TourTurf® Excel Universal

Oxide: 10-5-16 + 1 % Fe - Tee/Fairway Grade

Photo: © Leis Morten - Hummerland

Mineral fertiliser with organic base supplies potassium for durable turf.

TourTurf® Excel Universal 10-5-16 is a mineral NPK-fertiliser with an organic base for universal use on all turf on golf courses, pitches and in landscaping. It is available as Mini and Maxi granular. It provides optimised growth for all turf, and the high potassium content contributes to healthy turf with strong cells.

TourTurf® Excel Universal contains more potassium than nitrogen, plus iron. For universal use on all turf. Should be used on areas that get a lot of play to produce durable and healthy turf.

This product is an effective fertiliser with an organic base that is economical, environmentally friendly and easy to apply. Gives even growth and colour.

Gradual release of nutrients with slow release effect. Humus substances have a positive influence on biological processes.

Increased fertiliser performance over pure mineral fertilisers. The organic carrier material helps in a retarded slow release of a part of the nutrients, avoiding excessive mass growth and improves microbial activity in the soil. The product is enhanced with iron, calcium and sulphur, which strengthens the cell walls of grasses and increases the resistance to soil pathogens causing fungal diseases (e.g. dollar spot) and other stress factors. The fertiliser has an acidifying effect, making key nutrients, responsible for healthy growth, more plant available.

Guaranteed content

Total Nitrogen (N)	10.0%
- of which Ureic (N)	3.2%
- of which Ammonium (N)	6.8%
Citrate-soluble phosphorus (P ₂ O ₅)	5.0%
Water-soluble potassium (K ₂ O)	16.0%
Calcium (CaO)	4.0%
Iron (Fe)	1.0%
Sulphur (SO ₃)	12.0%
Other elements:	
Organic material*	7.4%

Apply before rain or irrigate after application.

Application

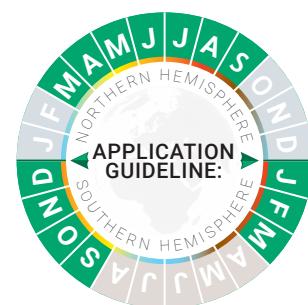

As needed.

200-300kg/ha.

Mini 1.5-2.5mm (SGN 160)
Maxi 2-4mm (SGN 330)

pH: 2.9

The product is low in chlorine.

* Plant based ingredients

Order number

Maxi: 8799SK | Mini: 8794SK
50 x 20kg bags per industrial pallet

Maxi: 9799P | Mini: 9794P
600kg big bag
