Mineral fertiliser for tees, fairways and other high-quality sports turf areas.

TourTurf® Tee & Fairway is a mineral NPK-fertiliser with an organic base for turf on tees and fairways. It can also be used for other high-quality sports turf areas. Use TourTurf® Tee & Fairway to provide turf with balanced nutrition and to improve the microbial activity in the rootzone.

Increased fertiliser performance over pure mineral fertilisers. The organic carrier material helps in a retarded slow release of a part of the nutrients, avoiding excessive mass growth and improves microbial activity in the soil. The product is enhanced with iron, calcium and sulphur, which strengthens the cell walls of grasses and increases the resistance to soil pathogens causing fungal diseases (e.g. dollar spot) and other stress factors. The fertiliser has an acidifying effect, making key nutrients, responsible for healthy growth, more plant available.

This product is enriched with an organic material of humic acids that acts like a soil improver and enhances the fertiliser performance. This also stimulates plant growth and functions as a catalyst for the activity of microorganisms, which increases the availability of nutrients.

The homogeneous granular spreads easily on the turf area and makes sure that all the nutrients cover the entire area. Apply before rain or irrigate after application.

## Guaranteed content

Total nitrogen (N) .....	18.0%
- of which Urea (N) .....	11.8%
- of which Ammonium (N) .....	6.2%
Citrate-soluble phosphorus (P <sub>2</sub> O <sub>5</sub> ) .....	2.0%
Water-soluble potassium (K <sub>2</sub> O) .....	12.0%
Calcium (CaO) .....	2.0%
Iron (Fe) .....	1.0%
Sulphur (SO <sub>3</sub> ) .....	11.4%
Copper (Cu) .....	0.1%
Zinc (Zn) .....	0.1%

### Other elements:

Humic acids .....	0.5%
-------------------	------

Apply before rain or irrigate after application.

## Application

2 times a year.

Turf Resiliency: 200kg/ha.  
Disease Recovery: 300kg/ha.

Size 1-2.5mm.  
SGN 190.

## Order number

8750SK  
50 x 20kg bags per industrial pallet
